

SUMMER COLDS

Are Considered by Doctors More Dangerous Than Winter Colds.

A person is quite apt to catch cold in the summer as in the winter, but it is harder to cure a cold in the summer than in the winter. In winter the bracing air assists the remedy to overcome the cold, but the sultry, depressing weather of summer retards the cure of colds.

The public is much interested in knowing a remedy that will successfully cope with summer colds. A remedy that covers just such cases is Peruna. Experience has taught that it is the only remedy that promptly expels summer colds of every character and description.

Miss Ivy Gray, Fairview, Ky., says: "I have taken Peruna, and would say that it is the best medicine for coughs and colds I ever saw. I find that it always cures a cold in a short while. It also strengthens and builds up the system."

OGDEN BRIEFS REMINDERS

Caledonian Outing—At the Hermitage, Tuesday, August 23. Fine program arranged.

Combination fruit salad Sundays. Hupfers.

Friends of Mrs. E. W. Rhivers will be pleased to learn that she is recovering nicely from a recent illness.

Have you tried "Wessler's Best?" If not, why not? Ogden made.

Mrs. J. F. Bausher will be at her home 2539 Adams after August 15. Mrs. Bausher has been at the bedside of her stricken sister, Mrs. Alice Maycock of View.

Joseph Parry & Sons Co. Monuments. Washington avenue.

Trip to Europe—Fred J. Kiesel was in Salt Lake yesterday on business. Mr. Kiesel is contemplating a trip to Europe and will probably leave Ogden for the journey in the near future. He will be accompanied on the trip by his wife, who is at present in poor health.

\$5.50 cash buys the best Rock Springs on the market. Phone 27. John Farr.

Will Move to Pueblo—W. H. Wattle is here to meet his family, just turning from Portland, and complete arrangements for making Pueblo their home for a year or more, during the construction work on the Gould lines between Pueblo and Walsenburg, which is directly under the supervision of Mr. Wattle, as representative of the Utah Construction company.

Dance Saturday Night, Hermitage. Good music, 8 p. m. Cars every 20 minutes.

Rode in a Buckboard—Dan Ensign has returned from an extended visit to the Yellowstone park country. Mr. Ensign and Herman Kuchler made the trip through the park and other sections of the Wyoming country in a buckboard drawn by a couple of good ponies. The time was spent in genuine camp life, fishing and hunting.

Cheap round trip rates east, via the D. & R. G., August 14, 16th and 17th. Call at city ticket office, Reed Hotel Bldg for particulars. Phone 624.

Pleased With Utah—R. Vincent and wife of Washington, Kansas, are spending a few days in Ogden visiting Mr. and Mrs. S. H. Browne. They were the guests in an auto trip to Provo Friday. Mr. Vincent says he is much taken with this section of country, and is tempted to come west. His son is at Blackfoot, Idaho, where he holds the position of superintendent of schools, and before returning to their home in Kansas, Mr. and Mrs. Vincent will visit Blackfoot.

Expert Kodak Finishing. Leave your films today and get your prints tomorrow. Films and photo supplies for sale—Tripp—New address, 2485 Washington Ave.

Horseshoers and Blacksmiths—About 400 persons from Brigham and Logan came to Ogden yesterday over the Oregon Short Line and left over the Ramberg line to attend the horseshoers and blacksmiths' picnic at Lagoon. A number of Ogden people also attended the outing and a very enjoyable day was spent at the park.

THEY HAVE A DEFINITE PURPOSE

Foley Kidney Pills give quick relief in cases of kidney and bladder ailments. Mrs. Rose Glaser, Torie Haute, Ind., tells the result in her case: "After suffering for many years from a serious case of kidney trouble and spending much money for so-called cures, I found Foley Kidney Pills the only medicine that gave me a permanent cure. I am again able to be up and attend to my work. I shall never hesitate to recommend them." Badcon Pharmacy—A. R. McIntyre, Prop.

FREE TO YOU—MY SISTER

Free to You and Every Sister Suffering from Woman's Ailments.

I know woman's sufferings. I have found the cure. I want to send you a complete day's treatment entirely free to prove to you that you can cure yourself at home, easily, quickly and surely. Remember, that if you are able to give the treatment a complete trial, and if you will not interfere with your work or occupation, just send me your name and address, tell me how you suffer if you wish, and I will send you the treatment for your case, entirely free in plain wrapper, by return mail. I will also send you a book—"WOMAN'S OWN BOOK OF HEALTH"—with explanatory illustrations showing why women suffer, and how they can easily cure themselves. Every woman should have it, and learn to take care of herself. When the doctor cures a single home treatment which promptly and effectively cures your Ladies' Complaints, Pains, or Irregular Menstruation in your Ladies' Complaints and health always results from its use.

When you live, I can refer you to ladies of your own locality who know and will gladly tell any sufferer that this Home Treatment really cures all women's ailments, and makes women well, strong, plump and robust. Just send me your address, and the free day's treatment is yours, also the book. Write to day, as you will not get this offer again. Address: Mrs. M. Summers, Box H, Notre Dame, Ind., U. S. A.

SOCIETY

BRIDGE LUNCHEON.

Mrs. George Augustus Woodruff entertained Thursday afternoon at the Hermitage at a charmingly appointed bridge luncheon in honor of her mother, Mrs. Charles Chester Sweet, of Benton Harbor, Michigan, and Mrs. Anthony Wayne Kitchin of Chicago. The spacious Hermitage dining room presented a lovely scene with its effective lighting, decoration and arrangement and company of beautiful, well-dressed ladies, the long table, with cut glass, silver and fine china, was adorned with banked centerpieces of goldenrod, red with yellow ribbons, and the dainty place cards with goldenrod and tiny bows. The five-course luncheon, delightfully prepared and served by Chef Dunkerly, elicited complimentary mention.

The high score was won by Mrs. Charles Kitchin, guest of prize, Mrs. Kitchin, and cut prize, Mrs. O. J. Stillwell. The guests were: Mesdames Charles Sweet of Benton Harbor, Michigan; Anthony Wayne Kitchin, Chicago; Dobbins, Los Angeles; Samuel Newberger, Louisville, Kentucky; Wertheimer, St. Louis; J. E. Lewis, L. R. Eccles, E. W. Matson, K. E. Hoag, Wm. Van Allen, Arthur Kuhn, John Spargo, R. S. Joyce, Archie Bigelow, Charles Kitchin, H. Devine, John Corlew, Wm. Fleetwood, A. G. Horn, H. M. Rowe, O. J. Stillwell, E. B. Kirk, F. M. Driggs, J. H. Hunt, Abe Kuhn, W. G. Dalrymple, Miss Dorothy Bigelow, Miss Evelyn Dalrymple, Miss Short of Salt Lake.

RECEPTION.

Mr. and Mrs. Andrew Thaanum of 1607 Robinson avenue are opening their home on Wednesday, August 17th, to the members and friends of the Congregational church. The affair is in the nature of a farewell reception to Mr. and Mrs. Elderkin, who plan to leave September 1st, for their new home in Lawrence, Kansas. Those who attend will find free conveyance at the end of the 25th street car line. Weather permitting the reception will take place on the spacious lawn.

FOR ELDER FRANK WILLIAMS.

Elder Frank Williams will leave shortly on a mission to Germany and Switzerland in the interests of the Mormon church. In honor of the young man the North Weber Stake is preparing to give him a rousing reception and dance at the Hermitage next Friday evening. These little social parties have become very popular of late and are given for the purpose of allowing the many friends of the missionaries to wish them success on their missions.

BIRTHDAY PARTY.

The eighth birthday of little Dina Jans was the occasion of a pretty party on Monday, twelve little girls and their mothers. The room was prettily decorated with Japanese lanterns and effectively arranged. Games and contests of various kinds were enjoyed and tempting refreshments were served by Mrs. Jans, assisted by Mrs. Galbraith. The fishing pond in the garden was a convenient for each little guest present.

FAREWELL RECEPTION.

A farewell reception in honor of Rev. and Mrs. G. W. McCreery will be given at the Hermitage on Monday evening, August 15th, in the parlors of the Methodist church. All members of the church and congregation together with all other friends in the city are extended a cordial invitation to be present. Rev. and Mrs. McCreery have spent three pleasant and useful years in Ogden and a host of warm friends will miss them.

Mr. and Mrs. Virgil P. Cain, assisted by Mr. and Mrs. Roy Buchmiller, entertained J. G. Bond at a dainty birthday evening, at their camp in the canyon.

Miss Nettie Rhine has returned from a two months' visit in Chicago.

Miss Leona and Master Dora Purdie of 1624 Jackson avenue are spending their vacation with their aunt, Mrs. William R. Payne, at Kayville.

Misses Jennie and Nellie Thomas have gone to Salt Lake City for a week's vacation, visiting friends.

Mrs. Alice Hanson is visiting her father, Joseph King, in Layton for a few days.

Samuel Whitaker visited his mother, Mrs. Elizabeth Whitaker, in Centerville, for a week.

Mrs. Lucas and Mrs. Williams will entertain the Woman's Relief corps on Wednesday afternoon, August 17, at the home of Mrs. Williams, 192 Twenty-first street. All corps members are invited.

Mr. and Mrs. E. W. Morrissey and daughter, May, left Friday morning for a visit in the east.

Silver Hive No. 1, L. O. T. M., gives another of their enjoyable card parties at the Odd Fellows Hall on Monday.

SPARKS AND THE TRAIN HOLDUPS

Man in Jail Talks With His Wife and Then Becomes Silent—Wife Believes He Can Tell All About the Robbery of the Oregon Short Line Train.

It has been decided by Detective Pender that another complaint will be filed against J. W. Sparks, the man returned from Pocatello the other day under the charge of forgery. The second complaint will charge Sparks with obtaining money under false pretenses. It is claimed that he issued a check to Sanford Harrow of Five Points and represented to him that it would be paid by the bank. The amount of the check was \$17.

The officers say that Sparks is a very clever fellow and that they are at a loss to know how to handle him. They desire to get definite information from Sparks regarding the hold-up of the Oregon Short Line train, June 27, but that is one of the subjects that the man evades with much cleverness. At times he leads the officers to believe that he is about to divulge all the secrets of that event and then, in the twinkling of an eye, he closes up like a clam.

Mrs. Sparks was here Friday evening and had a long conversation with her husband. The officers believe that she advised him to tell all he knew about the robbery, but her talk seemed to have no effect on the day evening, Aug. 15th. All members and friends are most cordially invited, while a special invitation is extended to the Knights of the Macacches and their ladies.

Mr. and Mrs. James Jensen and family have returned from a week's sojourn in Brigham City.

Will Morrell of Logan was an Ogden visitor for a day this week.

Mrs. A. S. Zimmerman and son, Eugene, of Salt Lake, are spending a few days in Ogden canyon.

Mrs. C. E. Bissell and Mrs. A. Thompson have returned to Salt Lake after several days' outing in Ogden canyon.

Mr. and Mrs. Martin Cullen have been enjoying a two months' sojourn in Santa Cruz to the utmost, and are expected to return soon to their home in Ogden.

Mrs. Henry C. Remy has resigned her position as agent for the Lagoon road at Kayville, and with her family will move to Ogden.

OGDEN, UTAH, A SHEEP MARKET

Ogden, the "Queen City of the Mountains," is justly proud of her enviable position as a sheep center, holding as they do the key to communion between the ranchers, breeders and market centers. Not being satisfied with the Big Sheep Show held here last winter, which is with out parallel, they now come forth with the proposition to give a BIGGER, GRANDER and BETTER one this fall. They have secured the International Sheep Show and Auction Sale to be given in connection with the Fourth State Fair. They propose to bring the Breeder and the Buyer together on equal ground for the purpose of mutual protection in the buying and selling of sheep. As an illustration, something like 150,000 head of rams alone are bought and sold in the territory contiguous to Ogden.

IN THE CHURCHES

German Evangelical St. Paul's Church—At Swedish Lutheran church on Twenty-third and Jefferson avenue. Sunday morning service at 11 o'clock. Everyone cordially welcomed. Sabbath school at 9 o'clock every Sunday. P. H. Tester, pastor. Phone No. 3804.

First Church of Christ Scientist—Holds service at 11 a. m. in the new Masonic Temple, Washington Avenue, between Twenty-Fifth and Twenty-sixth streets. Subject: "Soul" Sunday school at 10 a. m. Wednesday evening testimonial meetings are held at 8 p. m. The public is cordially invited to attend these services. Free reading rooms are open daily, except Sundays and holidays, from 2 to 5 p. m. First National Bank Bldg.

Reorganized Church of Jesus Christ of Latter-Day Saints—Corner of Fifteenth street and Washington Ave. Sunday school at 10 a. m. Preaching by J. D. Stead at 11 a. m. and 3 p. m. The public is cordially invited to attend all these services.

First Presbyterian Church—John Edward Carver, pastor. Sabbath school at 10 a. m. There will be no preaching services.

Church of the Good Shepherd (Episcopal)—Northeast corner of Twenty-fourth and Grant; Wm. W. Leetwood, rector. Holy communion, 7:30 a. m.; Sunday school, 9:45 a. m.; morning prayer and sermon, 11. All are welcome.

First Methodist Episcopal church, 452 Twenty-fourth street, Rev. G. W. McCreery pastor—9:45 a. m. Sunday school, H. A. Seip, assistant superintendent, in charge. There are classes for all and all are invited. 11 a. m. morning worship; sermon by the pastor, "Looking Forward." The special music will be "Sonatine," for three violins, by L. W. Ford, Miss Hazel Royce, Miss Rose Laird. Noon church meeting led by James Drysdale. 7 p. m. Epworth League. Miss Vera Frey leader. Topic: "The Signs of the Gospel Day." There will be special music. 8 p. m. gospel service; sermon by the pastor; topic, "God's Expectation." Special music as follows: Prelude on pipe organ, Miss Hertha Laird; anthem, "Hymn, choir; offertory, Miss Laird; solo, Mrs. M. J. Mark; prelude, Miss Laird.

OGDEN HAT WORKS.

Hats cleaned, reblocked and retinted by special batter. Fifth floor Lewis Bldg.

man, for he had less to say about the train robbery after talking with her than before.

Sparks has made the proposition to the officers that if they will withdraw all the complaints they have prepared against him, he will tell them everything about the train robbery, but he will not say a thing about the manner in which he obtained the money and it is shown to him that there are no forgery or false pretense charges against him.

The officers cannot enter into any such agreement, and it has been determined that prosecutions for forgery and obtaining money under false pretenses shall be instituted.

Mrs. Sparks says she is satisfied that her husband had nothing to do with the hold-up but that he knows the guilty parties. She has advised him to tell the whole story and get the reward that is offered for the robbers. This money, she tells her husband, would aid them materially in the ordinary affairs of life and enable them to move to some other country where they could begin life anew. Sparks appeals to the officers, according to the man, and he has, evidently set his mind against divulging the secret. Mrs. Sparks is now living in Salt Lake.

SEVEN TROUGHS FLORENCE REPORT

Statement Shows Harris Lease Has Good Prospects of Making Future Shipments.

The Seven Troughs Florence Mining and Leasing company, which has been known as the Harris lease on the Seven Troughs Mining company, has just issued its statement under the laws of Nevada. The statement has been delayed, but shows some good developments in the property.

The lease of the Harris company consists of a block of ground 800 feet long and 600 feet wide on the Fairview No. 1 claim, and another block 500 feet long and 300 feet wide on the Fairview No. 2. Relative to the work accomplished by the company, the following additional report has been issued from June 16, 1909, to June 29, 1910:

"The operations have been continued with the exception of about six weeks, during September and October 1909, the mine was closed down by direction of the Nevada Troughs Mining company, but which time will be fully allowed for at the end of the lease.

"The operator has done work as follows: Shaft, 14 feet, winze, 105 feet; crosscuts, 352 feet; drifts, 729 feet; crosscuts, 14 feet; stoping, 46,100 cubic feet; stoping ground, 16,000 cubic feet.

"On the 150-foot level, in drifting north, indications are favorable for the ore body found on the 200-foot level.

"On the 200-foot level the drift is being retimbered and at two points north of the crosscut raising is being done for the purpose of prospecting the ground above this level.

"On the 250-foot level, where most of the ore is coming from, stoping is proceeding vigorously, and about north of the old stoping, to the 200 level above, on a new bunch of ore, there being a barren place between it and the ore already stoped.

"From the 300-foot level a winze has been sunk 105 feet to the vein, and in a drift about 66 feet a streak of high-grade silver ore was disclosed, while in a drift to the north 62 feet high-grade gold ore about six feet in length and four inches wide was uncovered. Further development is necessary to prove up the extent of this ore. Two raises were also made from this level to the 200 level, and another to join up with the winze from the 200.

Prospecting at Depth. "The indications at the bottom of the winze and at other parts in the mine are encouraging and in running the purpose of further prospecting the ground at depth an arrangement has been made with the Seven Troughs Mining company for the use of their Fairview shaft and equipment from July 1 to December 30, 1910, to enable 'The Operator' to run a drift on the vein at the 600-foot level, under the Florence workings. The distance to be covered is about 400 feet and the work will be pushed ahead so that there will be ample time to prospect the ground and get out any ore that may be encountered in running the drift. This method will save, for the present, the expense of sinking the shaft and crosscutting to the vein, which is dipping away from the shaft.

"The production of ore was delayed on account of changes that had to be made in the mill of the Darby (Nevada) Ore Reduction company, where the ore is milled. Milling was started in April and up to June 30, 768.14 tons have been milled, and 19,473 tons shipped to the Selby smelter at San Francisco, which, together, after payment of all charges, has netted the company \$18,515.13. This amount is credited on the account of 'The Operator,' who, under the working agreement, has to advance all the money needed for development, etc., which amount advanced during the term just ended June 30 is \$29,892.90. In addition there are about 100 tons of mill ore on the dump and at the mill, and about 100 sacks of smelting ore that should average better than \$500 per ton.

The equipment needed is the same as the last report, viz: A 15 horse-power gasoline hoist, engine, house, blacksmith shop, cars, buckets, tools, etc.

"The lease extends to July 1, 1912."

FROM SICKNESS TO "EXCELLENT HEALTH"

So says Mrs. Chas. Lyon, Peoria, Ill.: "I found in your Foley Kidney Pills a prompt and speedy cure for my backache and kidney trouble which bothered me for many months. I am now enjoying excellent health which I owe to Foley Kidney Pills." Badcon Pharmacy, A. R. McIntyre, Prop.

CREDIT MEN ARE TO TAKE ACTION

To strengthen credit lines in Utah, which it is declared, have drifted from worse to worse, and to put all wholesale business houses in the state on a definite and uniform credit basis, is the purpose of a committee appointed by the Utah Association of Credit Men.

The committee consists of J. P. Hansen, Hewlett Brothers; H. L. Griffin of Ogden, C. N. Sorenson of W. S. Henderson, wholesale grocer; J. S. Barrett of the Utah Implement & Vehicle company, and D. Beardsall of the Salt Lake Glass & Paint company.

The committee will go to all wholesale and retail dealers in the state and secure from them an opinion of what they consider a proper credit system. This committee will then report to the Utah Association of Credit Men, and an attempt will be made to frame up some uniform and definite system upon which credit can be maintained in the state.

Produce Men Force Move. The cause of the step taken by the Credit Men's association was due directly to the attempt which has been made by the produce dealers in Utah to compel retailers to pay up all bills weekly. This is said by the members of the association, is a slap at the wholesale grocer, as they do not demand weekly payments for their goods and would be left in the lurch if any of the retail men should go to the "wall," or if they should be unable to pay their bills monthly.

Arthur Parsons, president of the Utah Association of Credit Men, and credit man for the Z. C. M. L. said: "The subject of credit is a vital one. It is not a question which can be solved in a week, or a month or, in fact, any set time. It must be settled gradually. In anything that is done along the credit lines, the step must be taken with precaution, and discussions on all sides of the question must be heard. Credit in Utah is too cheap. It is practiced with too freedom, and this is the principal reason for the credit of Utah today being in such a deplorable condition.

Purpose of Committee. "The purpose of the committee which was appointed is to consider

PERFECTLY MOULDED FIGURES

Another Medical Discovery

To get out of condition is detrimental to beauty of form as well as to health. There is a certain flabbiness which robs a good figure of charm and grace. Those who are beginning to grow fat rapidly are never in the pink of condition.

But here medical science has slipped in with a very wonderful remedy—one which not only restores a perfectly moulded form but renews health and strength. We give the recipe in full for the benefit of our faithful friends: 12 oz. Marmola, 1-2 oz. Fluid Extract Cascara Aromatic and 3-12 oz. Peppermint Water.

Any druggist will make up this prescription, or supply you with the ingredients which you can mix yourself. The dose is one teaspoonful after each meal and at bedtime.

The greater virtue of this harmless remedy is that whilst the excess fat is being expelled the person receives treatment has a healthy appetite and does not need to study dietetics or go in for tiresome exercises. The whole system is "refreshed" and reinvigorated, the blood renewed and muscular development restored.

I WILL GIVE \$1000 IF I FAIL TO CURE ANY CANCER OR TUMOR I TREAT BEFORE IT POISONS OR Glanders WITHOUT KNIFE OR PAIN. NO PAY UNTIL CURED

NO CURED SWORN TO. ON OR AFTER SWINDLE MARK THIS CURE ABSOLUTE GUARANTEE AS TUMOR, LEUCOPHOREA, SORE ON THE LIP, LACE OR BODY & MONTHS IS CANCER. They never pain until last stage. I will refund \$1000.00. BOOK SENT FREE with testimonials of hundreds of cured cases. Write and ask them. 30 cents copies. Cancer 21 here.

ANY LUMP IN WOMAN'S BREAST IS CANCER, and if neglected will always poison deep glands in the stomach and ultimately Address DR. & MRS. DR. CHAMLEY, CHAMLEY MANAGER U. S. CANCER CURE, LARGEST IN THE WORLD 745 AND 747 S. MAIN ST. LOS ANGELES, CAL. KINDLY MAIL TO SOMEONE WITH CANCER

the lines of credit and correct if possible these evils before they have reached such a stage that it will be impossible for them to be corrected.

"The one great evil of the credit system is the discount system which goes hand and hand with it. Almost every wholesale man has a set time when the bills incurred by a certain person are subject to discount. As a result, if a man owes a wholesale a bill and comes in two or three days late with a fairly respectable excuse, his account is generally discounted.

This is done for the reason that if the discount were refused the man in question would go to some other house where he could receive such favors.

"As to the action of the produce dealers, the association took no stand. It was the opinion of those present that if such a policy were enforced it would be detrimental to the other wholesale men.

"It is the purpose of this committee to secure data from all quarters as to the feeling toward the credit system. At the meeting of the committee with the entire membership of the association their report will be made. Discussions will then be heard on their report. The association will attempt to draw up some uniform credit system including the discount system. When all of the wholesalers in the city agree to and enforce the plan, so that a customer cannot secure favors from one that he cannot receive from another, the plan will probably go into effect. The first meeting of the committee will probably be held at the Commercial club rooms either Sunday or Monday.

Be sure and take a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy with you when starting on your trip this summer. It cannot be obtained on board the trains or steamers. Changes of water and climate often cause sudden attacks of diarrhoea and it is best to be prepared. Sold by all dealers.

The first car run by electric power reached Willard, on the Ogden & Brigham City line, Friday afternoon, in charge of the wire crew, which has just finished the stringing of the trolley wire from Hot Springs to that village.

The track gang is now within less than five miles of Brigham City, and is at present engaged in ballasting the track just north of Willard. While the rails of the track are laid for a distance of more than three miles north of Willard, the work of surfacing and connecting the rails with the copper bonds for the return current will be completed before the rails are pushed on to the terminus. It is this bonding of the rails and the stringing of the trolley and feed wire which makes the building of an electric road more expensive per mile than a steam road.

The Rapid Transit line to the Peach City is being built of rails nearly equal in weight to the regulation rails of the trolley and feed wire, which makes the building of an electric road more expensive per mile than a steam road.

The water power plant, which was built about two years ago by Eccles and Browning, and which has a capacity of 400 kilowatts of electricity, will probably be purchased by the Rapid Transit company, although the deal has not yet been consummated.

FURNITURE FOR THE HOSPITAL

Furniture and other equipments for the Dee Memorial hospital are beginning to arrive from abroad and will be placed in the building as rapidly as the rooms are completed.

Friday a consignment of invalid chairs ordered some days ago were received and are now stored in the hospital building, waiting its completion. A large number of surgical instruments ordered from eastern manufacturers have also been received by the hospital association. A meeting of the association directors was held last night and the regular routine business handled but no change of plan was made. The interior and structural and finishing work at the hospital is going along very satisfactorily.

When love grows cold silk and satin gowns won't keep it warm.

A Sale of Jelly Tumblers

Two glasses in one—drinking glass and jelly glass. The glass is clear and white—the edge perfectly smooth—just like your table glasses.

Common jelly glasses are "muddy," rough and have "saw edges," good only for jelly. Hard to clean. You can buy common jelly glasses for 25c a dozen—they're worth no more. We sell pretty table tumblers for jelly, fitted with tin tops—they cost you 35 cents a dozen—and they're worth it.

Let us send some—if they don't look ten cents better than common glasses—send them back.

Wrights Economy Basement.

You can't help making light bread WITH CRESCENT FLOUR
